#### Game Overview:

Take control of a one-armed heroine named Sasha, wielding a living sword on her journey through a nightmare world in search of her family. Swipe-based touch controls will let you solve puzzles, find secrets, and do battle with a host of disturbing monsters. As the journey goes on, you'll unlock new abilities, ascend an RPG-style upgrade tree, and tease apart the mysteries of the dark fantasy universe Sasha finds herself in.

#### Key Gameplay Features:

- Dungeon Combat: Touch-based combat mechanics where players can employ offensive and defensive techniques against a variety of enemies.
- Style: An RPG-light adventure giving players autonomy over upgrade Paths.
- Abilities: Gain abilities by wearing armor pieces that are created from the remains of defeated Boss monsters.
- Severing: Force enemies into vulnerable states to sever their body parts. Use these parts to upgrade equipment and abilities.
- Exploration: Players will progress through branching routes that require sharp wits to both avoid hazards and solve puzzles.
- Music: Original soundtrack from Juno nominated band YAMANTAKA // SONIC TITAN featuring Pantayo: <http://ytstlabs.com/album/severed-ost>

#### Platform Exclusive Features:

- Wii U™ Off-TV Play Touch Controls
- Wii U™ and Nintendo 3DS™ Cross-Buy
- In-Game Achievements
